Por el mar camino y canto esta canción
Me aseguro de limpiar cada rincón
Claro que sí, puedes ayudar, pues como no
A tus amigos díles, a todo el mundo

La Tierra solamente
Da tantas cosas
Da tantas pero tantas cosas
Y ese tanto es suficiente
Para vivir de más

No es necesario tomar
Más de lo que la Tierra puede dar
Porque la Tierra siempre da
Si usamos solo lo que necesitamos
Es suficiente para vivir
Más que suficiente para vivir
Y convidar

Lyrics in English

I love it every time (you pick it up)

I love it every time (I pick it up)

Walking by the sea I sing this song
I'm making sure it's clean for everyone
Of course, yes, you can help, so come along
Tell all your friends, tell everyone

Wow, wait a minute, in the water, is that a cup?

If I see a piece of trash, I'm going to pick it up!

We gotta keep it pretty

Don't be lazy now, up up up!

A healthy world is better, don't you think? Yup

We gotta keep it pretty

The Earth gives only
So much at any given time
But it always gives time after time
And that much is plenty
For all of us to live real nice

We don't need to take more
Than the Earth can give
Because we know that it will always give

If we just use what we need

then that's plenty to live
