Son familia  
Una familia

### Lyrics in English

Singing birds  
A hopping frog  
A little mouse  
A playful dog

Tiny ants  
An alligator  
Don't forget  
The swimming turtle

Animals of every kind  
Let's keep them in mind

Living things  
Deserve compassion  
This could be  
A brand new fashion  
And now let's take action

Yes, take action  
Because the time has come to...

To care for it all  
To end pointless cruelty  
It's not hard to be kind  
Don't you see they're our family?

They deserve respect, what did you expect?  
Just as much as you and me  
We cannot neglect, we have to protect  
It doesn't matter how big or small it may be  
Hey, you know, they're our family

They are your family  
They're my family, too  
They're our family  
Animals are family!

They're our family
