

INTRODUCING

MAPTING

A FREE & PARTICIPATORY
MOBILE APP
TO DISCOVER
AND TALK
ABOUT THE
SUSTAINABLE
DEVELOPMENT
GOALS

created jointly by

Soka Gakkai International

SHARING POSITIVE ACTIONS

With Mapping, sustainable development is not about constraints nor restrictions. It's about solutions. An invitation to show that our future holds great promises and that everyday « ordinary » citizens act for the common good.

SNAP & MAP

EVERY ACTION AND SOLUTION THAT CONTRIBUTE TO THE SUSTAINABLE DEVELOPMENT GOALS (SDGs).

BROWSE

THE WORLD MAP OR THE PHOTOFEED TO SEE ALL SOLUTIONS AND POSITIVES ACTIONS.

INTERACT

WITH OTHER USERS AND CREATE A COMMUNITY AROUND ACHIEVING THE SUSTAINABLE DEVELOPMENT GOALS.

DISCOVER

THE TARGETS WE NEED TO REACH BY 2030 AND THE FUNDAMENTAL VALUES THAT WE NEED TO GET THERE.

DOWNLOAD MAPPING NOW FOR FREE AND JOIN PEOPLE AROUND THE WORLD WHO SNAP & MAP EVERYDAY ACTS THAT CONTRIBUTE TO THE SDGs.

MORE INFORMATION ON:
WWW.MAPPING.ORG

How it works

1. You **open the camera by clicking on the SDG icon** related to the action you want to take a picture or video of.

2. You **make sure the Goal matches the photo** you are about to take by reading the banner.

3. You free the artist within you and **take a great picture**.

4. You **add a short description**, to give some context, you **select witness or participant** and **you share your picture on the Map**.

5. You **unlock the Earth Charter Principle** directly related to your last picture and learn more about the fundamental values underlying the goals.
