

Earth Charter International

Circle of 100 Friends

Earth Charter

Crafted by visionaries over twenty years ago, the Earth Charter is a document with sixteen principles, organized under four pillars, that seek to turn conscience into action.

It seeks to inspire in all people a new sense of global interdependence and shared responsibility for the well-being of the whole human family, the greater community of life, and future generations. It is a vision of hope and a call to action.

Earth Charter International (ECI)

ECI is the organization that coordinates the global Earth Charter movement providing information, facilitating networking, and generating educational opportunities and materials to turn conscience into action.

For the next five years we want to increase our capacity and impact

- **The ECI Movement:** Expanding the Earth Charter movement from engaging 50,000 people in 90 countries to 100,000+ people in over 100 countries.
- **The ECI Education Center:** Engaging, empowering, and educating 5,000 young leaders and educators in the fields of sustainability and ethical leadership through our online and in-person courses. Financial contributions to ECI help cover some scholarships for young activists and educators.
- **The Earth Charter Index:** Establishing the Earth Charter Index as a globally recognized instrument to spark a new narrative on the importance of contributing to planetary well-being, in the fields of environmental development and policymaking.
